

Transition Coordination: a great benefit as you move from a nursing home back into the community

Homeward Bound is designed to give you the support you need in planning the care and services you will receive in the community. Your Transition Coordinator will work with you to develop an individualized plan to support your independence in the community.

You can choose your Transition Coordination agency

Homeward Bound gives you a choice of agencies. Both EIM and Alpha One have many years experience working with elders and adults with disabilities who choose to live in the community with home care services. Staff from one of these agencies can coordinate a plan focused on quality and your unique needs. Information about each of these agencies will be provided to you so that you can choose the agency that best suits your needs.
